THE TOTAL CONFIDENCE PLAN IS NOT A WARRANTY THAT THE TIRE WILL NOT FAIL OR BECOME UNSERVICABLE IF NEGLECTED OR MISTREATED.

The purchase of Continental brand tires provides an extra measure of confidence with the support of the Total Confidence Plan. The Total Confidence Plan is a comprehensive package of all available warranties and services including: Limited Warranty, Flat Tire Roadside Assistance, Customer Satisfaction Trial, Mileage Warranty (if applicable) and Road Hazard Coverage.

1. ELIGIBILITY

The Total Confidence Plan applies to the original owner of new Continental brand passenger and light truck (LT) tires that are (a) new replacement market tires bearing the Continental brand name and D.O.T. Tire Identification Number; (b) operated in normal service, (c) used on the same vehicle on which they were originally installed according to the vehicle manufacturer's recommendations and (d) purchased from an authorized Continental brand tire dealer. Tires used in competition are not eligible for any coverage under this Total Confidence Plan. Additionally, tires used in commercial service including, but not limited to, taxicabs, police cars, emergency vehicles, non-passenger service vehicles are not eligible for the extra coverage set forth in Section 3 of this Total Confidence Plan. Tire(s) on any vehicle registered and normally operated outside the United States and Canada are excluded from eligibility under this Total Confidence Plan.

2. WHAT IS THE LIMITED MANUFACTURE WARRANTY & HOW LONG IS IT APPLICABLE?

Basic Coverage:

Eligible tires are covered by the Limited Warranty for a maximum of 72 months from the date of purchase.*

Where To Go for Warranty Replacement:

Please return tires to the authorized Continental brand tire dealer where purchased. The original sales receipt and proof-of-purchase must be presented at the time of the claim.

Free Replacement Period:

If an eligible Continental brand passenger or light truck tire becomes unserviceable due to a warrantable condition, other than those listed under Section 4, during the first 12 months or first 2/32nds (1.6mm) of treadwear, whichever comes first, it will be replaced with a comparable** new Continental brand tire FREE OF CHARGE. Mounting and balancing are included (excluding online orders). Owner pays all applicable taxes.

Temporary Spare Tires:

The Limited Warranty also extends to the original owner of the Continental Brand Temporary Spare Tire bearing a Continental D.O.T. serial number. An eligible Temporary Spare Tire under this Limited Warranty must have been operated in normal service, used on the same vehicle on which they were originally equipped and/or installed according to the vehicle manufacturer's recommendations, and display warrantable conditions as described in this Limited Warranty. This Limited Warranty is for a maximum period of 72 months from date of purchase*, determined by the original sales receipt and proof-of-purchase showing date purchased.

*At the time of making the claim, the owner is required to present the tires and original tire proof-of-purchase showing date of purchase. If satisfactory proof-of-purchase date is not provided, the D.O.T. (Tire Identification Number) date of manufacture will be used.

**A "comparable" new Continental brand tire may be of either the same tire line or the same basic construction but with a different sidewall or tread configuration. The Limited Warranty covers tires of equal or lesser value. If Customer accepts a higher priced tire, Customer is responsible for covering any difference in price. Any tire replaced under this Limited Warranty will be covered by the current Limited Warranty.

If a Temporary Spare Tire becomes unserviceable from a condition other than those listed in Section 4 during the first 1/32nd (0.8mm) of treadwear, then it will be replaced with a comparable new Continental brand** Temporary Spare Tire. Mounting and balancing are included free of charge (excluding online orders). Owner pays all applicable taxes. After this Free Replacement Period for your Temporary Spare Tire expires, no warranty claims will be accepted.

After the Free Replacement Period:

The tire may still be eligible for a pro-rata replacement for 72 months from date of original purchase* until the tread is worn down to the tread wear indicators (2/32nds of an inch or 1.6 mm of tread remaining). If an eligible tire becomes unserviceable from a warrantable condition, other than those listed in Section 4, it will be replaced charging the owner a pro-rated amount. Owner pays all applicable taxes (including Federal Excise Tax (F.E.T.), shipping, mounting and balancing charges. The replacement tire price will be determined by multiplying the percentage of the usable tread worn by the Dealers Price (excluding all applicable taxes) at the time of the adjustment. The usable tread worn is the original tread down to the tread wear indicators (2/32nds of an inch or 1.6 mm of tread remaining.) Tires replaced under this Limited Warranty become the property of CTA. You will be required to sign the CTA Limited Warranty Complaint Form and/or dealer replacement sales receipt.

Customer Satisfaction Trial:

All Continental brand passenger and LT tires bearing the Continental name and D.O.T. numbers are covered by the 60 Day*** Customer Satisfaction Trial. If for any reason, other than an excluded condition listed under Section 4, you are not satisfied with your new set of four tires within 60*** days

from date of purchase - or the first 2/32nds of an inch (whichever comes first) - you may exchange all or any one of them for a corresponding number of the same tires or for another set of a different type of Continental brand tires. Mounting and balancing are included free of charge (excluding online orders). Owner pays-all applicable taxes. If you wish to exchange for another set of Continental brand tires which is a higher cost, you must pay the upgrade from the original purchase price, including shipping and all applicable taxes. If you wish to exchange for another set of tires which is at a lower cost, you will receive a refund of the difference in cost.

Please visit www.continentaltire.com to learn more about the customer satisfaction trial period that Continental Tire offers.

This satisfaction guarantee only applies to the original new set of four (4) Continental brand passenger tires purchased and not to the tires provided under this guarantee.

HOW DO YOU RETURN YOUR TIRES DURING THE TRIAL PERIOD?

Within the authorized time frame (please visit www.continentaltire.com to learn more about the Customer Satisfaction Trial Period that Continental Tire offers) from the date of purchase or the first 2/32nds of an inch tread you must return your tires to the authorized Continental brand tire dealer where you purchased your tires. You must present the original sales receipt and proof-of-purchase. Reason for dissatisfaction must be explained to the dealer (i.e., appearance, ride, handling, etc.) and noted on the dealer-supplied copy of the CTA Limited Warranty Complaint Form.

Attention authorized dealers: the form must be validated by the consumer. The replacement proof-of-purchase showing the purchase of another Continental tire(s) must accompany the form and tire return.

Mileage Warranty:

The Continental brand tires listed on www.continentaltire.com's website are warranted against wearout up to the mileage/kilometer coverage indicated, even though the actual mileage/kilometers you may get from your tires may vary because of driving habits and road conditions. Subject to the provisions of Section 4 below, if one of the tires listed in this section wears out before the stated mileage/ kilometer coverage, CTA will warrant the tire on a pro-rata basis as indicated herein. "Wearout" means that the tire's tread has worn evenly down to the tread wear indicators (2/32nds of an inch or 1.6 mm of tread remaining.) "Pro-rata" for this Mileage Warranty is measured by the odometer readings at the time of the tire's purchase*, as shown by the original tire receipt and proof-of-purchase, and the odometer reading at the time of replacement. In addition, you must present a fully completed, legible Rotation Schedule, which is found in the original owner's copy of the Total Confidence Plan.

- Tire(s) that have not been rotated at least every 6,000 to 8,000 miles (10-13,000 Kilometers), as evidenced by a completed Rotation Schedule, are excluded from this coverage.
- On vehicles with staggered / split fitments (different size tires on front and rear axle), tires cannot be rotated between the front and

rear axle. Without rotation of tires between the front and rear axle, the expected mileage / kilometers before wearout is significantly lower, especially on the rear axle. Therefore, the Mileage Warranty for tires on the rear axle of

these vehicles will be 50% of the standard Mileage Warranty for the product line.

- Tire(s) in service for more than 72 months, regardless of mileage, are not covered.

The owner pays shipping, mounting, balancing and all applicable taxes (including F.E.T.) under the Mileage Warranty.

Please visit your authorized Continental Tire Dealer or visit www.continentaltire.com to learn more about the mileage coverage that Continental Tire offers. Mileage warranties vary by tire line.

You will receive a comparable** new Continental Brand tire with payment of the replacement price based on the percentage of actual mileage/ kilometers received to the mileage covered. Your replacement cost will be determined by dividing the actual mileage delivered by the miles/ kilometers warranted and multiplying the result times the current price of an equivalent or comparable replacement.

Sample Calculation:

The tire you present for warranty has a Mileage Warranty of 60,000 miles. At the time of the tire purchase, the vehicle's odometer reading was 20,000 miles. At the time the tire was presented for warranty, the vehicle's odometer reading was 65,000 miles. You also present a completed and up to date Mileage Warranty Rotation Schedule and the tire(s) are worn evenly down to 2/32nds of an inch (1.6mm) of tread remaining, according to the Tread Wear Indicators.

Determine the mileage received on adjusted tires:

65,000 miles - 20,000 miles = 45,000 miles

Determine Your pro-rata replacement tire cost percentage:

$45,000/60,000 \times 100 = 75\%$ (round to the nearest whole percentage)

Your pro rata cost for the replacement tire is determined by multiplying the percentage of mileage received (75%) by the current purchase price for the replacement tire (ex. \$130.02)

Example calculation is: $75\% \times \$130.02 = \97.52

The credit allowance for the mileage not received equals: $\$130.02 - \$97.52 = \$32.50$ towards the next purchase of any Continental tire.

You will pay the equivalent pro-rata cost for the tire plus all applicable taxes (including applicable F.E.T.) shipping, mounting and balancing, local tire disposal fees and any other parts or other services.

Road Hazard Coverage:

This Road Hazard Coverage is offered to promote goodwill and is not a warranty that your tire will not fail or become unserviceable due to a Road Hazard. This Road Hazard Coverage applies to all Continental branded tires that are purchased as new replacement tires and is a promise of replacement under the conditions

specified
below.

When an eligible tire has a road hazard condition during the first 2/32nds of an inch (1.6 mm) of treadwear or first 12 months from date of purchase, whichever comes first, the tire will be replaced with a comparable** Continental brand tire free of charge. A road

hazard condition is defined as a cut, snag, puncture, bruise, or impact break.

To be eligible, you need to present the tire(s), your original sales receipt and proof-of-purchase showing the date of purchase*

along with this Total Confidence Plan. You are responsible for payment of all applicable taxes, demounting, shipping, mounting and balancing charges set forth under this Coverage. You are also responsible for payment of local tire disposal fees and any parts or service regardless of mileage or months of service. This includes payment for tire rotation, alignment, towing, road service and valve stems.

6. OWNER'S OBLIGATIONS

To make an eligible claim under this Total Confidence Plan, the owner must present a claim, as instructed herein, with the tire to an authorized Continental brand tire dealer. Owner's authorized Continental brand tire dealer will provide a Continental brand registration card with the D.O.T. tire identification number recorded, along with the authorized Continental brand tire dealer's name and address. Owner is required to fill in his or her name and address, affix a stamp to the pre-addressed card, and mail the Continental brand registration card. Tire registration may also be completed online at www.continentaltire.com (US) and www.continentaltire.ca (Canada).

SSR TIRE OWNERS:

Even a trained Specialist may be unable to recognize internal structural damage to a Self Supporting Runflat (SSR) tire resulting from having been driven in an under inflated or zero inflation pressure condition. Such damage may not be visible on the surface of the inner liner or sidewall making it impossible to determine the tire suitability for repair or reuse. CTA does not recommend any repair to or reuse of Continental SSR tires. You may visit www.continentaltire.com and select Customer Care FAQ's to obtain additional SSR information.

CONTISEAL™ TIRE OWNERS:

A ContiSeal™ tire differs from a non-ContiSeal™ tire in that it has a sticky, viscous layer from shoulder to shoulder along the inner liner. This layer is an integral part of ContiSeal™ tires. It is not designed or intended to act as a permanent puncture repair.

If an object up to 3/16" (5 mm) diameter penetrates the tread of a ContiSeal™ tire, this sticky, viscous layer is designed to surround and adhere to the puncturing object and prevent air loss from the tire by providing a near instantaneous seal. If the puncturing object becomes dislodged from the tire, the material is designed to seal most holes made by objects up to 3/16" (5 mm) diameter. While ContiSeal™ tires significantly reduce the incidence of flats, they are not designed to be driven under inflated or in a flat condition. In all other aspects, ContiSeal™ tires perform exactly like non-ContiSeal™ tires.

As with any tire, regularly inspect ContiSeal™ tires for evidence of cuts, punctures, and loss of inflation pressure. At a minimum, ContiSeal™ tires should be inspected once or twice a month and always before a long trip. Punctures or damage not attended to promptly can result in loss of inflation pressure and/or damage to the tire. ContiSeal™ tires with cuts and punctures must be inspected by a trained tire specialist as soon as possible. The trained tire specialist must inspect the tire carefully and, according to industry standards, to determine whether a permanent repair can be made or whether the tire must be removed from service.

and scrapped. A permanent repair will require removal of the tire from the rim and application of a repair method specifically approved for the ContiSeal™ tires.

CONTISILENT™ TIRE OWNERS:

ContiSilent™ tires are designed to reduce noise generated while driving. A ContiSilent™ tire is lined with a noise reducing foam insert. It is not designed or intended to act as a puncture repair.

Using ContiSilent™ Tires

In aspects such as mounting, demounting, inflating, and balancing, ContiSilent™ tires do not differ from non-ContiSilent™ tires. As with any tire, regularly inspect ContiSilent™ tires for evidence of cuts, punctures, and loss of inflation pressure. At a minimum, ContiSilent™ tires should be inspected once or twice a month and always before a long trip. Punctures or damage not attended to promptly can result in loss of inflation pressure and/or damage to the tire. ContiSilent™ tires with cuts or punctures must be inspected by a trained tire specialist as soon as possible. The trained tire specialist must inspect the tire carefully and, according to industry standards, determine whether a permanent repair can be made or whether the tire must be removed from service and scrapped. A permanent repair will require removal of the tire from the rim and application of a repair method specifically approved for ContiSilent™ Tires.

ContiSilent™ tires are identified by a symbol on the tire sidewall.

ContiSilent™ tires and non-ContiSilent™ tires may be mixed on the same vehicle.
